OCT-NOV-DEC 1993. VOL 9 = NOS. 4,5, 6

Dear Friends:

Belated CHRISTMAS GREETINGS and wishes for a good New Year to ALL of our good friends and fellow Genealogists in the Old Dobbs County Genealogical Society, wherever you are in the world. Our members are spread throughout the time zones of this glorious country and we have one member, Karen Kusmez, who is in Dhahron, Saudi Arabia.

I hope your Christmas was as nice as mine. One of my best presents was a little slip of paper. It may have been small in size but it was great in content. My sister in Startup, Washington sent me another line/limb of my family tree that I had not had time to research. This family line went two generations beyond Colonel Cromwell Pearse who served in the Revolutionary War. I was thrilled because I received generations of birth, death, marriage dates and place names. This is one of the many family papers that was collected or compiled by my ^{late} grandmother in Elma, Washington.

Our next meeting will be Saturday, 22 January 1994 at the Western Sizzlin Steak House, at 11:30. The program will be "Show and Tell". Please bring something to share, an artifact or something about where you are with what re search. This is always a good way to connect each other when two or more are researching the same lines.

Expect to see all of our local members for our first meeting of 1994. To those of you who cannot be with us send in your queries for the Newsletter.

Elizabeth Gordon Ellis

Looking at these figures makes me realize that not only do I need to spend a lot more time at the archives, I also should get a much bigger pedigree chart. (It also makes me grateful for my kin who practiced a little inbreeding now and then, thereby reducing the total pool of ancestors to be uncovered.)

TIP ON SALVAGING BOOKS THAT MAY GET WATER DAMAGED

Water soaked books can be frozen to prevent them from molding, then dried later. The process may take several weeks, but books can be salvaged that otherwise might have to be thrown away.
