Vol. 16 - Nos. 7, 8 & 9

GREETINGS FROM THE PRESIDENT

Summer is upon us and I hope each of you have a safe, restful and enjoyable vacation season.

The Board of Directors met on June 5th and discussed the format for our July meeting. After a full and thorough discussion, we decided to hold our July meeting on July 22, 2000, in conjunction with the meeting of the Peacock Family Association of the South which is holding its 2000 annual meeting in Goldsboro. (A separate sheet is included with this newsletter which gives all of the pertinent data surrounding the meeting.)

It was the thoughts of our Board members that since so many of our members have connections with the Peacock family, many of us could benefit from the information which will be shared at the meeting. The Peacock Association is sending out information to its membership encouraging them to bring family data on their related families to share with each other and with us.

I hope each of you will make a special effort to attend the July meeting and that you will be prepared to share info with the many others who will be coming here from around the U.S. searching for "new cousins."

POTTS / WINSETT

Seeking information on the **POTTS** and **WINSETT** families of Dobbs County. I believe Stringer **POTTS** was born ca 1752 in Dobbs Co. and was the son of Robert **POTTS**. He may have had sons named Daniel, Stringer and John. I believe Robert **WINSETT** was born ca 1750 and was the son of John **WINSETT**. Robert had brothers named Francis and Joseph. He moved to Williamson Co., TN ca 1800-1810. I am particularly interested in finding vital statistics, wills or land transactions for **POTTS** and **WINSETT** from ca 1735-1810. Any help will be appreciated.

CEMETERY PROJECT UPDATE, Elliott R. Futrell and Billy G. Herring -

Chairpersons. The Wayne County Cemetery Abstraction Committee of the Old Dobbs County Genealogical Society has met with many obstacles as it has worked to complete this project. At the time the committee began this project, there were no computer programs written specifically for cemetery abstraction. An individual at Wayne Community College was retained to write a program for the Wayne County project. The program that was written was good for compiling abstracted data. However, when attempts were made later to print out the Great Swamp and Nahunta Townships for the first book, it was discovered the specific parameters required to print the abstracted data as needed had not been built into the database design.

The committee recently purchased computer software that became available for recording cemetery projects. All the grave spaces in Great Swamp and Nahunta Townships had to be re-entered into the new program. As of this month, about half of the grave spaces in Nahunta Township have been re-entered in the computer.

Work was in progress on the second book in Buck Swamp and Pikeville Township when it was called to the committee's attention that it would be very beneficial to provide navigational coordinates as an aid to identify cemetery locations in the future, especially those that may be destroyed. A GPS (Global Positioning System) navigator device was then purchased for this project. It was decided to go back to all the cemeteries in Great Swamp and Nahunta Townships to record all the V & H coordinates (Longitude and Latitude). All the V & H coordinates in Nahunta and Great Swamp Townships have now been recorded. From the very beginning it was estimated that the projected time to complete this project would be 12 to 15 years.

FINDING WOMEN: STRATEGIES FOR FINDING AND UNDERSTANDING YOUR FEMALE ANCESTORS. The North Carolina Genealogical Society's Annual Meeting and Workshop will be at the Wake County Commons Building, Carya Drive, Raleigh, NC on 3-4 November 2000. Registration will begin on Friday at 9:00 a.m. The workshop will end Saturday after a tour at 3:30 p.m. Cost of the event is \$75.00 to members if paid before October (\$85.00 after that date) and \$100.00 to non-members at all times. There will be several speakers including Helen Leary. More information on the workshop is available from NCGS, P.O. Box 22, Greenville, NC 27835 or e-mail ncgs@earthlink.net.

DEATH FROM A SINGULAR CAUSE. — A Mr. Tyner, residing in Johnston County, died last Friday, from a very singular cause. He was engaged in stacking some fodder, when he was bitten on the face, near the corner of the right eye, by some reptile or insect. Great pain immediately ensued, and a physician was sent for; but before he arrived the sufferer was insensible, and despite every remedy employed, he died within nine hours after he was bitten. Our informant states that Mr. Tyner was of opinion that the bite was from a striped lizard; but the physician thought it was inflicted by a spider. — Raleigh *Sentinel*.
